☒ Examiner's Statement of Reasons for Allowance

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: In accordance with *In re Donaldson*, 29 USPQ2d 1845 (Fed. Cir. 1994), the mounting means for mounting the base to a vertical surface is interpreted to be the specific structure disclosed and equivalents thereof. The closest prior art reference, Shafto, does not possess such a mounting means nor would it have been obvious to provide Shafto with such for the reasons noted by applicant. Accordingly, there is no teaching or suggestion, absent applicant's disclosure, to modify the prior art of record to achieve the combination of features claimed.

Any comments considered necessarily by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
